Just Transition Research Project

To our Brothers and Sisters who are affected by the Coal Power plants being shut down by the 2030 date. Here is an opportunity for you to tell your story about how this shut down will affect you, your family, friends and community. The I.B.E.W. International is gathering this research to support our efforts with the governments and the “Just Transition” talks. Please take the time to contact the research firm and participate. Additional incentive – participants will be paid for their time! This will help both I.B.E.W. Local 2067 and the International continue its lobbying efforts.

Please see attached the correspondence from Brother Russ Shewchuk, International Vice President. Contact information and details of survey participation outlined on the attachment.

In solidarity,
