

Power Notes

I.B.E.W. Local 2067

Newsletter #3 - August 4, 2022

Expression of Interest:

Occupational Health Committee (OHC) - QEPS

The Executive Board is still looking for two (2) I.B.E.W. Local 2067 members at QEPS to represent members by joining the Occupational Health Committee.

Background Info on Committee:

- Each power plant has this committee. The OHC is a legal requirement of OH&S legislation. It is made of representatives from both the employer / management and the employees.
- Ideally, SaskPower tries to have the employee members come from all the areas in the power plant.
- The OHC meets quarterly. Typically, meetings are a half day.
- The OHC members must do site inspections. These typically take place the week before each quarterly meeting.
- The committee members will be sent for OHC Level 1 and 2 training. Costs and time are covered by SaskPower.
- Upon completion of the OHC training, committee members may be involved in incident (accident) investigations and the report. They are **NOT** involved in any kind of discipline actions.
- The term is typically two years.
- This committee is the opportunity for management and workers to come together to discuss safety issues of their Power Plant. This is an important opportunity for our members to have their opinions heard and to help shape safety policy and action in their plant.

If you are interested in joining the committee, and are currently working at Queen Elizabeth Power Station in Saskatoon, please submit your name, contact information and a brief description of what you hope to learn and / or achieve by being on the committee to:
