SaskPower - Estevan Drop In Events

SaskPower is hosting two drop-in events on the following work:

- Planning for nuclear power: between now and September 2023, our goal is to narrow down options for a potential site based on information we collect through studies and engaging with communities, stakeholders and Rightsholders in the study areas. We're asking for feedback on the Estevan study area.
- Southwest Power Pool project: we're introducing this power line project and taking questions.
- 100MW solar project: we're providing an update on the competition and taking questions.

Both events will take place at the Days Inn 1305 9th Street, Estevan.

- **Mar. 23 from 5 to 7:30 pm**
- **Mar. 24 from 8 to 11 am**
