International Women's Day 2024

Dear Sisters and Brothers,

Union women have blazed the trail when it comes to fighting for a more feminist and equitable Canada. Coast to Coast, our I.B.E.W. Local Unions are also continuing to build Local Union Women's Committee's so that our sisters can gather and discuss issues important to them and their respective industries, jobsites and provide peer-to-peer support. These committees have been actively involved in their communities and Local Unions in various capacities across the country.

This International Women's Day let's celebrate our successes, lift up women workers, and take the time in the coming weeks and months ahead to thank our sisters of the I.B.E.W. and support them in their efforts to achieve their professional and committee goals within your Local Union.

We all have a role to play in building a future where everyone can reach their full potential.

It is time to act – because women's success is everyone's success!

In solidarity,
